For the record I am a brand new quilter, having completed 2 full quilts (easy ones) That is it so far.I have made many blocks in the years I had been contributing to group quilts at my church, so I have done a few labor intense blocks but never more than 8-10 of a single block. And yes,those blocks required extreme accuracy as all quilts should~What do I like about this book?? It makes quilting look like FUN! I do not have many scraps, (lol I DO have a yarn stash tho does that count?) so I may have to purchase things along the way for me to complete some of these quilts and it is always fun to shop for new fabrics!The positives in this book are that they show one can play w/ fabrics , have fun and not take the quilting SO seriously that it ceases to be a fun activity,,,this is a HUGE positive for me b/c that is the very reason I never took to quilting even though I have sewn for 30 yrs~I like the "modern" quilt(w/o borders etc) but I wonder if it really is" modern"??
