Customer Reviews

An excellent, thoroughly researched book on the origins of regional styles in Navajo rugs. Contains excellent pictures of the both the rugs and posts.

Enjoyed the book. Good info for casual collector. Loved photos, and illustrations. Makes me want to go on road looking for remaining original trading posts.

Really enjoyed this book. I am building a Trading post in one inch scale and will be using some of the descriptions of places and events in my trading post. Great reference material.

Great book and photos...takes one back in time too
