## Customer Reviews

Margarete Heinisch says her daughter's admiration of a Baltimore album quilt at a local quilt show, "set off the first spark" in the back of her head to create her own album quilt. "Mi Amor" is the result of that spark, a gift celebrating the 25th wedding anniversary of her daughter and son-in-law. Each block in this magnificent quilt, symbolizes in some way, their life together. All I can say is, wow, what a lovely gift and magnificent legacy. A CD-ROM containing all the templates, embroidery stitching, and layout diagrams for each block (to print out) is included. The book begins with detailed and illustrated instructions for fabric requirements, additional supplies (such as batting, embroidery floss, etc.), fabric shortcuts (among others, the author suggests appliqueing silk leaves from artificial flowers), different ways to make stems, how to make circles, embroidery stitches (running stitch, fly stitch, back stitch, stem or outline stitch, couching stitches, buttonhole stitch, lazy daisy stitch, buttonhole scallops, straight stitch, satin stitch, French knot, bullion stitch, seed stitch, and turkey work), making yo-yo flowers, making rickrack flowers, embroidering ladybugs & potato bugs, using

fabric paints, assembling the quilt, adding borders, adding corded piping, and finishing the quilt. Each of the 16 blocks is explained and illustrated in detail with the fabric requirements, supplies, sewing instructions, painting (if any) instructions, and an embroidery stitching chart (shows stitches used, thread color, etc.) I appreciated and found very interesting the explanation given of the symbolism behind each block.
