I knew a little bit of Tunisian crochet, but I had no idea how to incorporate color... until now. This easy to follow step-by-step guide shows in detail how to make beautiful Fair isle with the Tunisian knit stitch. The pattern directions are easy to follow and the pieces are wearable and contemporary. I especially love the Annabel Bag, but I have my eye on that Elisha Afghan as well. A big thumbs up for a job well done. This is happy hooking at its best!

I had been mystified by this technique and like the book very much. I still found that I had to draw on personal prior experience to really 'get' it but once that was done, I was able to easily follow the first pattern and would not hesitate to start a more challenging project. A few more photos of the actual technique with two colors would have been helpful. This is the reason why I did not give it a five star rating.

love the book and patterns. Have only had an opportunity to make one thing but several more for fall/winter coming up

Great book. Well written, clear and easy to follow instructions. Great photos of wonderful designs. Love it!
