By The Bundle: Turn Precuts Into Patchwork With 12 Fat Quarter-friendly Quilts

Synopsis

Quilters love collecting these precut bundles, but often don't know what to do with them. Because they are a specific cut of fabric (18 x 22" instead of a 1/4 yard cut from fabric that measures 9 x 44" and is much less usable) the instructions for a project need to be specifically written to accommodate these fat quarter cuts. All of Emma's patterns are written with this in mind in addition to providing irresistible new quilt designs to finally put these collections to use in her widely appealing designs. Emma's patterns cross over beautifully between the modern and the new traditional quilt maker alike.

Book Information

Paperback: 128 pages

Publisher: Lucky Spool Media (May 16, 2016)

Customer Reviews

This is one of the most beautiful, least publicized quilting books I have ever gotten. Beautifully photographed, clearly written - I am enjoying it thoroughly.

This book is beautiful to look at and has some nice projects in it too.
