Standard Catalog Of Smith & Wesson (Standard Catalog Of Smith And Wesson)

Synopsis

In this highly-anticipated, detailed revision of a classic work, authors Jim Supica and Richard Nahas present a fully annotated identification and price guide to the world of Smith & Wesson - revolvers, semi-autos, shotguns, rifles, military arms and other collectibles. If it says "Smith & Wesson" on it, you'll find it in this exhaustively-researched volume. New information adds 144 pages to the previous edition, for a grand total of 528 pages of pure Smith & Wesson: 14 new revolver models added since last edition, dozens of new variations of the M&P pistol, new rifles and shotguns, including many new M&P 15 rifles. Hundreds of detailed, full-color photos. For fans of Smith & Wesson firearms, this book is a must-have. With listings organized to quickly and accurately identify firearms, and nearly 800 models of Smith & Wesson guns and variations, including many models not found in other firearm-pricing guides, this is the book for Smith & Wesson enthusiasts and collectors.

Book Information

Series: Standard Catalog of Smith and Wesson
