Synopsis

Noted glassware experts Gene & Cathy Florence are at it again - this time they have produced a new title, dedicated to the various collectible ovenware items from the 1920s to the present. These items that are often overlooked and were once regarded as everyday, non-collectible dishes are suddenly hot collectibles. Featuring bakeware products like casseroles, mixing bowls, and other dishes, this book showcases hundreds of large shelf and group shots, trademarks of the Florences' books. Companies include Pyrex, McKee, Federal, Glassbake, Safe Bake, and Jeannette. Values are given for all items, as are important facts. There are also vintage catalog pages that add interest for collectors. This book is a must for your glassware library. 2006 values.

Customer Reviews

Not as fabulous as expected. There were few pictures and many values were not given. Values given are outdated and undervalued. This was a disappointment.

Compared to Anchor Hocking's "Fire King & More" by G. Florence Second Edition, this book leaves MUCH to be desired. To me it looks like he re-arranged the patterns and took some more pictures. I was looking for information on Glasbake and Federal glassware which is not included in this newer edition. Certainly not worth the money in MY opinion. Very disappointed.

I found what I was looking for in this book. Gene Florence knows his stuff and as a seller on E-Bay I rely on his books more than any others. I know I'm giving my customers the best knowledge of the products I'm selling after reviewing Florence's great books. I've got a great library of his books and it continues to grow.

Very nice informative book! It has great pictures and I think it's a well written book. I would recommend it!
