## Customer Reviews

Bought this for my daughter to give to her with her gift so she could learn about her new friend. Has stuff like: Choosing a hamster home, picking a hamster, handling hamster, potty training, diet, and more. Nice pictures and nice book.

So, so, so informative! Includes hamster diet, what you shouldn't feed even specific breeds, how to interact with your new pet, what to do if you're going on vacation, and SO much more. I learned so much about hamsters, I didn't realize I didn't know so many things. I'm so glad I bought it and it's great for first time hamster owners!

Great book. Lots of information on care and training of your hammy. Our little Syrian, Chewie, is now completely potty trained to go in a jar. Easy peasy to clean up after now!

It's ok. But it contains a lot of cute pictures. Cute, cute, cute.....

Great book to help my 11 year old son care for his hamster.
