Customer Reviews

Great new book taking you on an amazing tour of Oregon's breweriers. Fun, easy read that made me want to jump in my car and cruise through Oregon in search of great beer and adventure.

As a big fan of Oregon craft beer, this book really helps set the tone for me. It is well written by an author that knows and understands the work and creativity that goes into brewing great beer. I like the TOC that takes you through the state by city and region. Makes me thirsty!

When I received this I had to hop with joy and could barley put it down. It has me frothing to hit the road and visit the breweries I haven't hit yet for a lager than life beer-cation. Getting thirsty just thinking about it!

I bought one for me and one as a gift. It's super interesting. It's beautiful as well. This book is the

perfect gift for the beer enthusiast. I recommend this book to anyone looking for fun places to visit throughout Oregon.

Comprehensive guide. Fun to read the back stories on many of the breweries. Came in really handy on our trip to Oregon.

Met Brian and bought his book at a beer tasting in San Francisco. Brian really knows his Oregon Breweries. Bought the book for a friend, and upon request, Brian signed the book: "Suck it Tito." Now Tito will be reminded to suck it when he sits down to read about Oregon Breweries.

Raise a glass for Brian Yaeger's sequel to the first book on beer, "Red, White & Brew". So many breweries visited and cataloged in just one state (albeit one that probably has more breweries per capita than any other)! I wonder which state he'll start touring next?
